Cool. I just found and inserted another anti-CEN tweet under the Farhad Manjoo one. It 's from a subeditor at The Guardian.

Working on this today, and by the end of today we should hopefully be at "process "stage - get it legalised, start approaching Leidig et al (but let 's do that once you 're free).

Hi guys,

I've added in a bunch of examples and have made some other smaller edits. If you have time, give it a look tomorrow. The new section still need polishing but I'd love feedback.

FYI I'm out of town Monday to Thursday next week. I will be available during the day Tuesday and Wednesday but I'm at an event so it may be hard for me to make calls etc.

Best regards,  
Craig
