in terms of made up vox pops from my stuff, it's going to be near-impossible to ever get cast iron certainty. But let's show our working on, say, baby costume thief, maybe the man with the knickers on his head etc and just say well, where did these quotes come from. The big ones from me are prostitute backpacker, sashimi and argentine sex scandal.

Probably a bit unfair. There are unremarkable stories like woman in KFC, sceptic tank etc - it's typical trashy tabloid news, and I think you could probably claim much the same about UK tabloids covering the UK tbh.
