Hi Chris,

I'm a journalist working on a story with BuzzFeed about Central European News. We're looking at their role in the viral news ecosystem. As part of my research I came across this tweet from you:

<https://twitter.com/chriskking/status/574947995260706816>

I was hoping you could expand a bit on what you mean in that quote. Are you skeptical of the quality of CEN content? Have you encountered their stuff in your work at The Sun and The Guardian? I'd be grateful for anything you could add.

Also happy to connect by phone if that's preferred. Thanks!

Best regards,  
Craig
