Yes, this means a lot.

I am collecting things for her right now and we will have big transport for her in few days. What about her Wheelchair? Is it a new one and we can make some changes for Ana or we need a new one? Dr. Kroesslhuber thinks that it would be good to have a right wheelchair in the right size for her. I have some information about it from companies in Vienna. The medicine will come as well.

I have the chair from Kufstein in my office.

greetings

Hannes
