Dear Mike!

I was sending the papers to ask for a free transport from Austrian Airlines to Dr. Franz Krösslhuber to fill the paper, but I got no answer until now.

If they will come tomorrow it will not be possible to find a room in Innsbruck so quick. A transport by train is always possible, there are trains every hour.

As you know I am in Mexico, so please ask Dr. Krösslhuber for the room in Innsbruck. I had not organized anything because I had to wait for the OK of AUA.

Greetings from Mexico

Dear Hannes,

Miheala has just called, and says travelling to Bucharest to get a plane is as bad as travelling to Vienna from their home in Roman, in the far north east.

She has offered to organise for her mother, father and sister to come by bus to Vienna, they could even get a bus tomorrow.

Can we arrange transport to Innsbruck from here by train if possible, or if not by plane, and then the accommodation in Innsbruck that we need?

Please let me know what I can do, best as always
