Lucita Sandoval - extract of letter I'm sending to New York Daily News

In November 2014, there was a story in the New York Daily News about an Argentinian teacher, apparently named Lucita Sandoval, who was alleged to have featured in a sex tape showing her having sex with a 16-year-old pupil. It had already been debunked by a local paper in Argentina, Nuevo Diario on 22 October. As BuzzFeed News reported at the time, the video didn't show an underage boy; the woman in the video was a teacher, but she wasn't from Santiago del Estero and she doesn't appear to have been called Lucita Sandoval. Some of the sites updated their articles - it appears that the original New York Daily News article (subsequently updated on November 4) took a different line to the post as it currently appears. Would you be able to tell me what changes were made, and why?
