Hallo Michael

I arranged the stay at the University hospital in Innsbruck with Prof. Hager, chief of the pediatric surgery department, who will coordinate all the necessary examinations.
But first the University Clinic wants a financial guarantee, which You have to give to "Vorstandsdirektor Prof. Dr. Herbert Weissenböck TILAK Anichstrasse 35 A; 6020 Innsbruck "
After the clinic has got this guarantee, Prof Hager will provide a bed for Ana at his department, anytime we want.
The parents can stay there during the day, for sleeping we will organize a room in the neighbourhood of the clinic building.

Kind regards

Franz
