Could you look into this one for me:

One thing that seems to be off is that accounts in Chinese seem to say that the police tracked the guy down using CCTV footage. But the above stories say that they tracked him down because the woman managed to make a phone call.

Some accounts in Chinese:

The China Times article said that the image came from <http://www.xwh.cn/> but I was unable to find a story there.

Mainly, it seems like the version CEN sold includes inaccuracies and possibly also a quote from the man that isn't anywhere else...
